

Presenting...

the KING'S HERALD '66

of the

WINNIPEG BIBLE COLLEGE

FOREWORD

For twenty-two years "The King's Herald" consisted of little more than the photographs of the students and faculty and reports on the various aspects of school life. The book varied little from year to year due to production costs and size of the student body.

Four years ago the book radically changed. It was enlarged to the present 8" by 12" format and journalistic reports declined in prominence. This approach was introduced in the 1962 "King's Herald", the book Austin Stouffer edited. Because his enterprising efforts were so well accepted, the books of the past few years have been patterned in much the same fashion.

This year a new approach has been attempted--a photojournalistic approach. By means of picture we desire to present this school year at the Winnipeg Bible College.

We have diligently sought to prepare this book for the glory of God and for your enjoyment. It is our prayer that these aims will be fulfilled as you peruse these pages and view what has been a truly memorable year.

DEDICATION

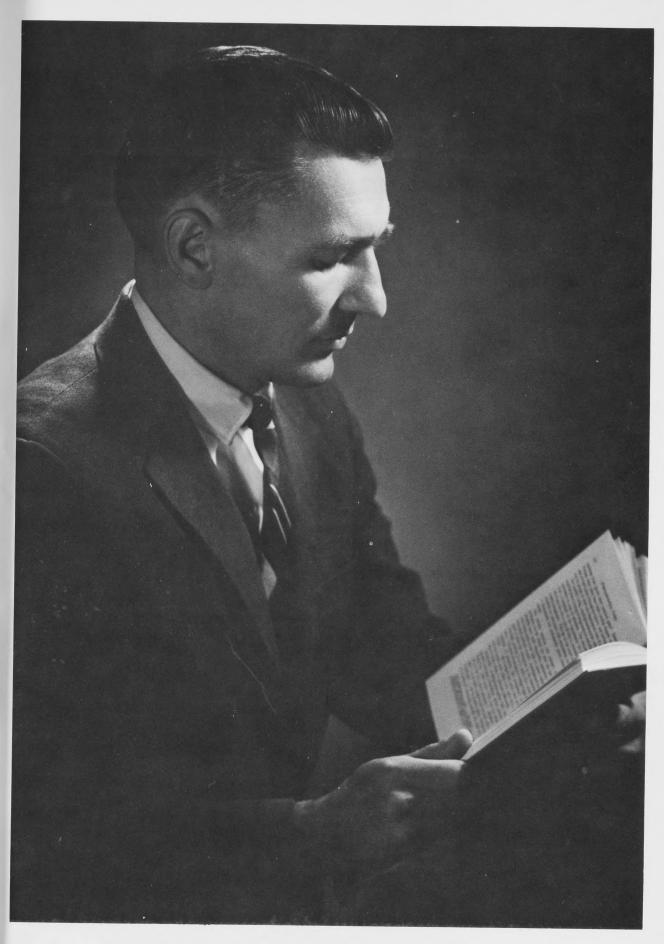

Dr. H. Fred Nofer was born and educated in the United States of America. He attended public and high school in Columbus, Ohio and received his Bachelor of Arts degree from Augsburg College in 1953. Realizing a call to the teaching ministry, he entered Dallas Theological Seminary, receiving his Master of Theology degree in 1957 and his Doctor of Theology degree in 1960.

Immediately following this preparation, Dr. Nofer began his teaching ministry at Lutheran Brethren Seminary at Fergus Falls, Minnesota. Feeling the leading of God, in 1962 he joined the staff of Winnipeg Bible College in the capacity of Dean of Faculty.

In these past four years a great many students have received immeasurable help, both in their spiritual and personal lives, because of the faithfulness and devotion of Dr. Nofer. In the classroom, where he teaches Biblical languages, Greek Exegesis and English Bible and in the personal counselling situation where his untiring concern is evidenced, this man of God is highly esteemed and deeply appreciated by each and every student.

In recognition of his sacrifice and labour, we dedicate this volume to Dr. H. Fred Nofer.

ADMINISTRATION

President E.L. Towns, B.A., M.A., Th.M.

Our year verse at Winnipeg Bible College for 1965-66 has been "Let us go on."

Hebrews 6:1

A LOOK AT THE PAST

To go on, we must leave something. Winnipeg Bible College had forty wonderful years of service before 1965-66. Lives have been transformed, missionaries have been sent out, pastors have been prepared and local churches have been strengthened. W.B.C. has a wonderful spiritual heritage. We might like to return to the past but know we can't. God's command is to us of the present and the future. We must go on.

A LOOK AT THIS YEAR

To go on involves present activity. The school year 1965-66 has been one of going on with God. A new freshman class has come - and gone on with God. The undergraduates have returned - and gone on with God. Only eternity will tell of the lessons learned and lives transformed in this school year. Some students have been called to the mission field, others have preached their first sermon or brought their first believer to the Lord. Perhaps one or two have gone back on God - only He knows. I see spiritual progress and faithful service at W.B.C. We have gone on with Christ.

A LOOK AT THE FUTURE

To go on involves a goal. The future of W.B.C. is as bright as the promises of God. God has promised to give us His very best, if we remain in the centre of His purpose. May W.B.C. be in the centre of that purpose. May you be in the centre of God's will, going on after His example and command.

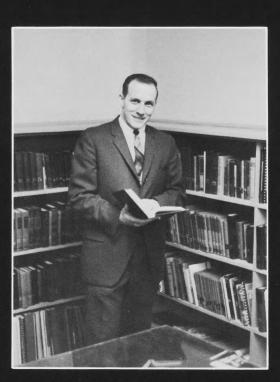

Going on with Christ,

Elmer L. Towns
President

ACTIVITIES

During the first week of school we enjoyed our annual Spiritual Life Conference...

where the freshmen introduced themselves, and the whole studen body was challenged by messages brought by Faculty members.

Then in the next month there was the Gymn Nite with CMBC...

...resulting in a 75-75 tie.

Who will forget that day in late November when the Seniors turned up missing...

...because (unknown to the rest of the school) they were on their Senior sneak at Dauphin.

And of course we appreciated the annual Christmas Banquet with our guest speaker, Dr. Karsgaard, and the freshman program which followed.

Dr. Merrill C. Tenney delivered the annual Theological Lectureship on the subject of "A structural study of the Revelation".

Always a part of our weekly activities is our regular Christian Service—teaching, preaching or ministry of music.

And every day different groups would meet to pray for missions, for personal burdens and for one another.

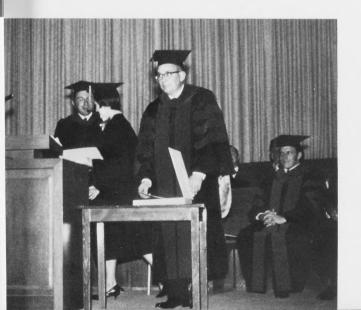

The writing of final examinations ended the activities of the academic year....

...and at the Graduation Exercises which followed, many students passed another milestone in their lives of service to their Lord.

And God called some to serve together.

Fellow Students:

God has been good and He has blessed us with spiritual blessings. We praise His Name for being with us in the past, and we will go on praying that He will continue to lead in the lives of each class:

That the First Years, will go on with a real desire to "Be fruitful in every good work, and increase in the knowledge of His word;"

That the Second Years, will go on into their senior year anticipating graduation and waiting upon the Lord for definite leading;

That the Graduates, will go on following God's leading in their lives into full time service for Christ, whether ministerial or secular, "that in all things He might have the pre-eminence;"

That we students of W.B.C. will "Hold forth the Word of Life" wherever we are and in whatever we do, "walking worthily of the Lord unto all pleasing."

1

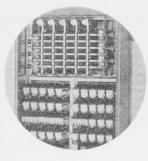

FIRE ALARM SERVICE

Protect your premises from industry's greatest hazard... with the most modern approved sensing devices... that automatically detect smoke/fire before it gets out of control!

BACKGROUND MUSIC

For years RIMAC has been a leader in this dynamic method of increasing employee efficiency in offices and factories, and providing a pleasant, restful atmosphere in retail stores, lobbies, lounges, restaurants, medical centres, etc.

AUTOMATIC TELEPHONE EXCHANGE

An internal, fully automatic system for any size of business, that requires no operator and relieves traffic load on outside telephone lines. RIMAC is the exclusive distributor of Ericsson equipment, world's largest supplier of telephone systems.

2

BURGLAR ALARM SERVICE

Theft detection means theft protection. Rimac's advanced burglar alarm equipment provides immediate reaction at Alarm Central... without warning to burglars or vandals. Provides simplified operation for the subscriber.

INTER-COMMUNICATION

Increase your company's productivity with a time-saving, efficient inter-com system. Key locations in your office and plant can be linked into an instant communication system, at low cost.

3

PLANT EQUIPMENT SUPERVISION

Now . . . ALL electrical and mechanical equipment can be supervised automatically by RIMAC'S 24 hour Detection System. Don't risk expensive breakdowns with refrigeration equipment, humidity control systems, furnaces, boilers, air conditioners!

PAGING AND SOUND SYSTEMS

For public address systems, paging facilities or complete music systems... for commercial and institutional buildings, find out how the RIMAC specialists can serve your requirements

4

CENTRAL ALARM STATION

Staffed on a 24 hour basis, 365 days per year. The "heart" of the RIMAC system is this unique "fail safe" design, the result of years of advanced research and technical knowledge. Approved by Underwriters Laboratories of Canada and Factory Mutual of U.S. as "Grade A" Central Alarm Station.

6 N.O.V.A.C.

Exclusive with RIMAC — a music amplifier which automatically adjusts its volume to a level most suitable for noise conditions in the area being served. Never too loud . . . never too soft . . manual adjustments never required.

SOUND ENGINEERING CONSULTANTS

RIMAC's staff of professional engineers are constantly at your service, to design any system to fit your particular needs. Many years of electronic design and development achievement vouch for our abilities. Architects, contractors and end users can all enjoy the benefits of this professional service.

CONGRATULATIONS

GRADUATES

Though the tides and times must change
And today will surely become yesterday
May our wishes of good fortune go with you
Into the tomorrow that is to be yours
To mold with wisdom, care and integrity
